What this pack should help improve

- Speed up proposal writing without starting from a blank page.
- Make onboarding and scope expectations clearer from the start.
- Create more consistency across pricing, discovery, and scope management.

Recommended use order

- 1 Use the service offering worksheet and discovery notes to shape the proposal.
- 2 Use the pricing table and workbook to frame fees, scope, and options.
- 3 Use the onboarding checklist and scope change request template after the deal is live.
